Northman Luxury Safaris

Northman Luxury Safaris was established in the heart of Tanzania with the conviction that every adventurer should have a luxurious and genuine wilderness experience.

The logo represents the spirit of sophisticated travel and the compass of exploration.

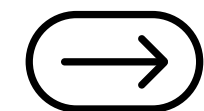

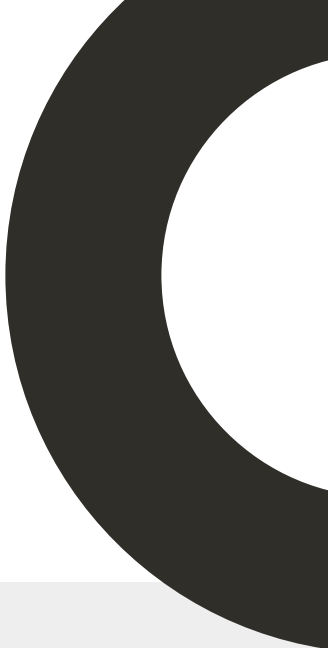

148

A local's knowledge and experience are more important in Africa than anywhere else in the world for successful travel. Our company, Northman Luxury Safaris, is based in northern Tanzania; we are familiar with the area and have the rhythm of Africa in our veins.

We take great pride in our intensive knowledge and comprehension of the diverse regions of northern Tanzania.

About The Company

We are a Tanzanian safari company that specializes in planning, coordinating, and operating unique safaris for visitors from all over the world. Wildlife Safaris to the Northern Circuit (Serengeti National Park, Ngorongoro Crater, Tarangire National Park, Manyara National Park, and Arusha National Park), Luxury Tented Camps, and Lodges are all available on our safaris.

Beach vacations on Tanzania's coast and the Zanzibar Islands, bird watching, and cultural tourism are among the activities we offer (Day Trips and Town Tours). We are enthusiastic about what we do and can't wait to tour you around Tanzania's gorgeous wilderness.

THE COMPANY

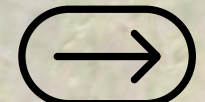

Abu Shabani | CEO & Founder, Northman Luxury Safaris

"Abu Shabani, 32, is a celebrated Tanzanian senior driver-guide and visionary behind Northman Luxury Safaris. Born in Arusha and raised in Kilimanjaro, Abu pursued tourism studies after losing both parents young. Mentored by his sisters and inspired by his father—a top local guide-Abu blends authenticity with luxury across 13+ years in tourism (11 as a Ranger Guide). He crafts bespoke safaris that preserve Tanzania's wild heritage while mentoring the next generation of guides. Abu believes in 'transforming travel into an exquisite blend of adventure and luxury!'"

Abu's approach to safaris is simple: "It's not just about seeing wildlife-it's about experiencing the heartbeat of Africa." When he's not leading safaris, Abu enjoys exploring off-the-beaten-path trails, reconnecting with his Maasai and Chagga roots, and sharing Tanzania's stories with the world.

Why Choose Northman Luxury Safaris

Planning a perfect vacation and safari to Africa may be difficult—Africa is exotic and unique, and it is critical to know that all elements of your vacation will go well at all times, with no problems and all of your expectations satisfied. We feel that using the services of a specialized Africa tour operator, such as Northman Luxury Safaris, is the best way to ensure that your journey is both properly tailored to your tastes and budget, as well as hassle-free throughout.

Northman Luxury Safaris does not claim to be the only specialist Africa vacation operator that provides excellent value while maintaining world-class professionalism. There are people out there doing what we do, and competition is healthy.

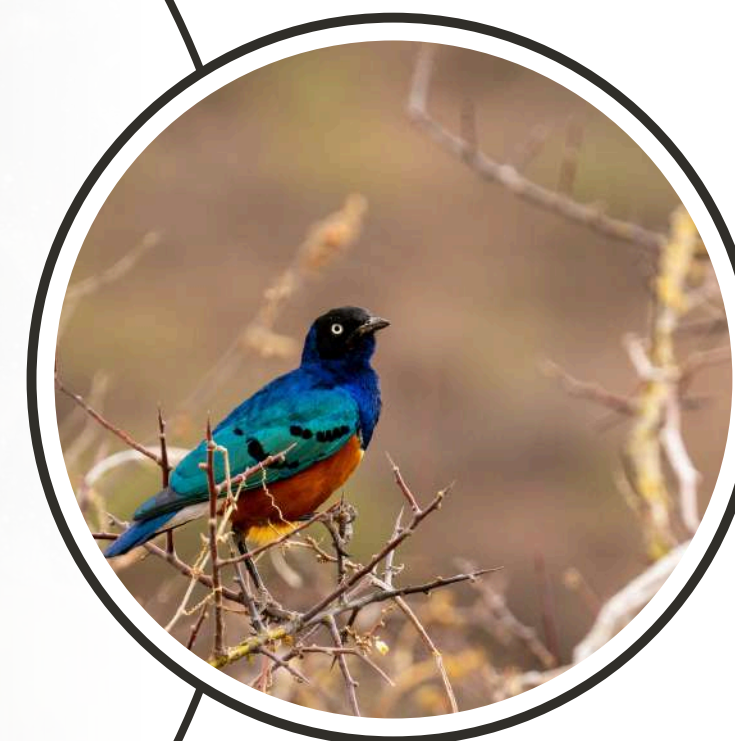

We must emphasize, however, that Northman Luxury Safaris relies almost entirely on previous clients for referrals and future business. We do not engage in showy marketing efforts to draw in people; instead, we adopt a long-term approach and build holidays and itineraries for our clients that are entirely in their best interests. This emphasis on word-of-mouth recommendations from previous clients, we feel, is one of the key differences between Northman and others.

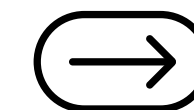

Wilderness

The Northern Circuit unfolds Africa's raw splendor: endless Serengeti plains witness the spectacular Great Migration of millions of wildebeest; Ngorongoro Crater offers a natural amphitheater teeming with predators and herbivores and is home to black rhinos; and Tarangire's ancient baobab silhouettes host massive elephant herds; Manyara's alkaline shallow lake attracts few numbers of aquatic birds and a high population of baboon troops, dense underground water forests and ever-changing habitats.

Arusha's lush forests provide scenic hikes, flamingo viewing, and comfortable bush walks. Northman guides lead guests to the heart of these ecosystems, fostering unforgettable encounters with nature's marvels.

 www.northmanluxurysafaris.com 

What we Offer

Northman Luxury Safaris curates exquisite wildlife expeditions across Tanzania's Northern Circuit, encompassing the legendary parks of Serengeti, Ngorongoro, Tarangire, Manyara, and Arusha.

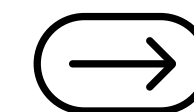

Guests experience the Great Migration's dramatic river crossings, the crater's dense wildlife concentrations, and intimate encounters with elephants among baobabs.

What is included in your package

First night's accommodation in Arusha (bed & breakfast) / Private safari jeep / Private safari guide / Park fees / number of nights' luxury accommodation whilst on safari / airport pickup & drop-off / food & drinks according to meal plan whilst on safari / local flights

www.northmanluxurysafaris.com X

What we Offer

Extra

Iconic bush lunch, sundowner aperitif, drinks(beer, white and red dry wines, soda, tea, coffee, and whisky) on game drive.

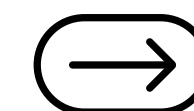

Price does not include: alcoholic beverages and soft drinks at your accommodation, as well as gratuities.

N.B: For Premium luxury packages, including all-inclusive (drinks in hotels and gratuities). This will be a guideline of sentences below in every itinerary price to show what the price includes and what it doesn't, making it more understandable.

Tipping: In Tanzania, giving someone a tip is widely expected since it is seen as a reward for their hard work. We are pleased to provide you with guidance because we understand that effective planning can occasionally be challenging. There will be a final day in lodges, when checking out in the morning, you can leave your gratuity in the tip box at the front desk (from \$25 per night per room). For your guide (from \$35 per person per day) and will also be given on the final day.

The Expedition Vehicle

Toyota Land Cruiser 4x4s: The primary vehicle used for all safaris.

- Northman Safari's Jeep is built to conquer Tanzania's challenging terrains.

Mud-splattered and rugged, it carries guests on thrilling rides through the Northern Circuit's untamed paths, delivering safety, comfort, and an immersive feel of the African bush. Every journey in this vehicle turns ordinary travel into an adventurous odyssey, guided by expert drivers who narrate the land's stories as the wheels roll over savannah mud and grass-lined tracks.

FRIDGE GAME HATCH LUGGAGE STORATS WINDOW SEAT

EXECUTIVE 7-SEATER SAFARI CRUISER

SIGNATURE & EXPERIENCE

The Expedition Vehicle

Stretched Land Cruisers: Available for families or larger groups, these extended vehicles ensure every passenger has a window seat for wildlife viewing and enough space to move, ensuring comfort during extended game viewing sessions that can last up to 10 hours a day.

On-Board Features

- Pop-up Roofs: All safari vehicles are equipped with pop-up roofs to provide 360-degree views and optimal photo opportunities.
- Power Supply: Vehicles are fitted with electrical charging points to support passenger devices.
- Cooler Box: We have a super mini fridge at the back center, which is always filled with a few drinks which you are allowed to open and take a sip at anytime during a game drive .

Customer Reviews

- *"It was a really great experience. Our guide, Abu, not only found the best places to observe the animals but also explained everything in a very instructive way." - NorthStar, Austria*
- *"The safari tour was a true adventure that left a lasting impression. Their passion for wildlife was contagious, and they went above and beyond to ensure our safety and comfort." - Lucy F,*
- *"Abu took the time to listen to our wishes and organised the perfect, tailored safari week we had so far. The hotels/lodges chosen, the itinerary, the focus on what we were looking for made it special, but what made it even more special is when you feel safe and secure in total harmony with the environment you are at all times because your guide is professional, he respects the Mother Nature but most importantly a very knowledgeable animal experts and a real passionate." - Jean, France*
